

20 YEARS OF SERVICE TO THE COMMUNITY

Since 1994, Woodridge Interventions has been serving adults and youth from the greater Chicago area and throughout Illinois by treating a wide variety of addictions and co-occurring disorders in both residential and outpatient settings.

Located in DuPage County in the western suburbs of Chicago and tucked away on 11 acres of wooded landscape, Woodridge is a neighborhood oasis for individuals seeking respite and help in their struggles with addictions.

MEN'S RESIDENTIAL PROGRAM

Woodridge offers a Level III.5 clinically managed residential substance abuse treatment program for men ages 18 and over. The program is available to individuals referred from courts, corrections, social service agencies, medical practitioners, hospitals and other treatment programs, family members, and to self-referred individuals.

Our Men's Residential Program is designed for adult males who, because of their specific functional deficits, need safe and stable living environments in order to develop their recovery skills. Treatment is highly structured with activities designed to help residents examine damaging beliefs, self-concepts, and destructive patterns of behavior, and to adopt new, more harmonious and constructive ways to interact with others.

The frequency, intensity, and length of treatment each depends on the individual patient's needs but consists of a planned regimen of clinical services for a minimum of 25 hours per week. Treatment is specific to maintaining abstinence and preventing relapse while vigorously promoting personal accountability, responsibility, and positive character change in an intense therapeutic community.

- Thinking errors
- And other factors that influence life functioning due to the presence of addictive behaviors.

HOW TO ACCESS OUR SERVICES

Admission to any of our programs at Woodridge Interventions may be made by professionals, family members, or self-referring patients. If you or someone you know is struggling with addiction, give us a call at (630) 968-6477.

Our addictions professionals are ready to help you with:

- | An assessment to address treatment needs;
- | Determination of an appropriate level of care; and
- | Advice on eligibility for insurance, Medicaid, or related coverage.

Services at Woodridge Interventions are covered by private insurance, self pay, Medicaid, or other government/public funding sources (e.g. SUPR Global, PRU, Local Drug Courts, DUI, DCFS).

We offer flexible accommodation for assessment and admission. Our assessment specialists are available to conduct no-cost assessments at locations throughout the greater Chicago area that are convenient to referring individuals or on site at the Woodridge facility location.
